**Seadan wins Best Stand Award at SEC 2014**

Seadan Security & Electronics was the delighted recipient of the Best Stand Award (under 36m<sup>2</sup>) at the Security Exhibition & Conference.

The Security Exhibition & Conference - Australasia's premier security industry event was held in Melbourne from 4-6 June. Excellence in stand design and presentation as well as a visually exciting stand were part of the criteria winning exhibitors had to meet.

“We spent a lot of time designing our stand. We wanted to ensure it was innovative, modern and a bit different to draw people in to look around”, said Managing Director, Ian Harris. “We’re thrilled our effort was recognised with this award”.

Impressive in its design, the Seadan stand showcased the latest technology in CCTV with Video Insight, Access Control with U-Prox and Intercom Systems with Elvox. Seadan staff welcomed and engaged visitors into the stand demonstrating the best security solutions the market has to offer.

Attached picture includes Seadan staff members (L – R) Tammy Burns - National Customer Service Sales Consultant, Ian Harris - Managing Director (holding award) and Chris Haslem - National Sales - Major Projects.
